About the eBook

Enterprise Architecture (EA) has evolved to become a prominent presence in today’s information systems and technology landscape. The EA discipline is rich in frameworks, methodologies, and the like. However, the question of ‘value’ for business professionals remains largely unanswered – that is, how best can Enterprise Architecture and Enterprise Architects deliver value to the enterprise? Enterprise Architecture for Business Success answers this question.

Contents

- What is the Problem with EA?
- EA Imperatives, Drivers and Objectives
- The Architecture of EA
- Alignment
- Elaborate
- Govern
- How Our Approach Adds Value
- Case Studies
- Wrap Up
