Anthropology - Current and Future Developments: The First Mariners

About the ebook

The First Mariners comprehensively describes the archaeological background and relevant issues of the project and features an extensive pictorial record, of both the experiments and the archaeological basis of this research – giving a unique experience to readers interested in understanding the earliest marine adventurers from a historical and technical perspective.

Contents

- The Domestication of Eve and Adam
- The Origins of Human Modernity
- Pleistocene Seafarers
- Bound For Australia
- Mariners of the Lower Paleolithic
- Rafts at Sea
- Primitive Archaeology

“Bednarik gives us a... tantalizing view of our own human ancestors with this work”
Foreword by Jason R. Thompson
University of Northern Iowa
